# 3826 : Folding trolley

## The + product :

**Resistant:** for loads up to 120 kg.

**Clever:** dedicated Virabox tray.

**Practical:** large wheels.

## Description

Folding trolley designed to carry heavy loads up to 120 kg.

**High stability** for Virabox: a **specially designed tray** with the same shape as the Virabox provides ideal wedging, **preventing them from slipping** even without using the elastic strap.
Also suitable for **all types of boxes** and loads with its flat surface.
**Does not deform** in use thanks to its **sturdy** and **rigid** design in steel pipes Ø 22 mm and **heavy-duty** forged steel tray.

Easy handling with **man-height handle** extendable to 1.08 m and **large** Ø 145 mm **wheels**.
**Space-saving**, thanks to sliding handle and simultaneous folding wheels and tray.

Elastic strap included for securing bulky items to the frame.
