

## 2901 : Pipe Cleaner Gun

### The + product :

**Pressure:**

up to 6 bars for pipes up to Ø 100 mm.

**Efficiency:**

98% of energy is directed forward to free blocked pipes.

**Safe:**

only 2% of released energy acts on the pipe walls.

### Description

**Ideal for blockages far away from the siphon.**

This cleaner uses the kinetic energy stored in the cylindrical body (max. 6 bar) to remove blockages formed by grease, soap, wash water, hair, paper, cloth, etc.

For cleaning domestic drainage pipes of max. internal Ø 100mm (sinks, wash hand basins, urinals, bath-tubs, etc.), as well as toilet if fitted with the optional extension (290151).

Integrated manometer to measure the pressure to be applied.

**Supplied in a case.**
