

3826 : Multi-position protective mat

The + product :

Comfortable: reduces the risk of MSDs

Adaptable: to work comfortably in all positions

Resistant: against water, dirt, cold.

Description

Multi-position protective mat designed to **reduce the risk of Musculoskeletal Disorders (MSD)** on hard, slippery and uneven floors.

- Its construction in **non-slip and dense** foam allows you to work comfortably in all circumstances.
- Its 6 foldable elements allow **numerous working positions** (lying / kneeling / sitting), in order to **reduce fatigue**.
- Its silicone-free design prevents **the development of bacteria**.
- **Easy handling** thanks to its folded retaining strap.
- Its handle also makes it easy to transport.
- Black in color, not very dirty, it can **be cleaned quickly with a water jet**.
