

MAKE THE MOST OF
YOUR TALENT

CROSSBOW BENDER

1 QUICK AND EFFORTLESS

Optimum force / actuation ratio.

2 POWERFUL

Made to bend stainless steel in Ø 12 and 15 mm, annealed copper: Ø 10 and 22 mm, Ø 3/8" to 7/8", multilayer: Ø 14 to 32 mm.

3 ADAPTABLE

With 1 hand for most of the diameters.
With 2 hands for the material and diameters the most compelling.

4 ROBUST

High quality aluminium body, mobile handle in treated drop-forged steel. Areas with high strains have been dimensioned to maximize the strength vs weight ratio.

MULTILAYER VERSION

250304 MULTILAYER BENDER 16-18-20-26-32 MM

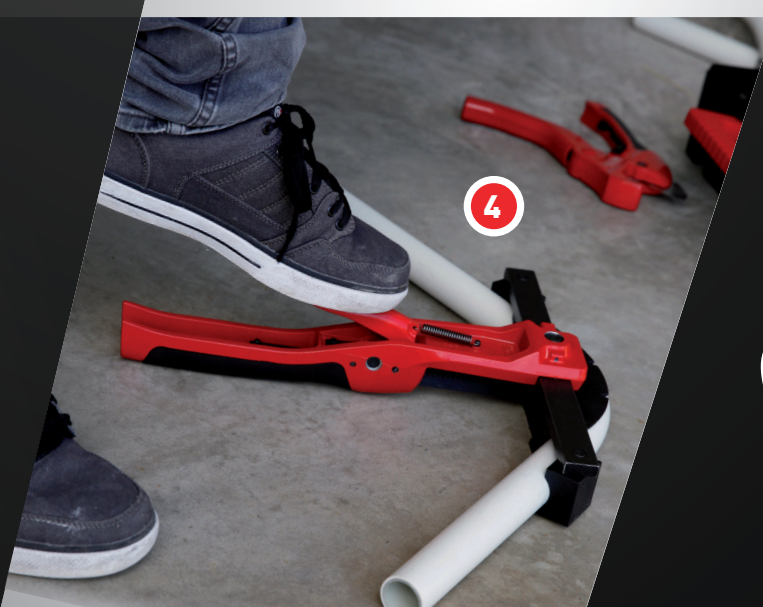

COPPER VERSION

250302 COPPER BENDER 12-14-16-18-20-22 MM
