

MAKE THE MOST OF YOUR TALENT

PC42 PIPE CUTTER

For plastic pipes Ø 42 mm

01 CUT WITHOUT EFFORT

On average, cutting load is reduced by 20% with the PTFE Telfon coating (facilitates blade sliding) and with the patented double ratchet mechanism.

02

CHAMFER WITHOUT CHANGING TOOL

Integrated reamer allows chamfering PVC pipes before gluing.

Ø42 MM

03

ALSO CUT ELECTRICAL WIRES

A dedicated area allows cutting electrical wires up to 4G2,5 mm² - max Ø 12 mm.

Example of use on PVC pipe.

215042 PC42 PIPE CUTTER
215060 PC42 PIPE CUTTER IN DISPLAY (PER 6)

*-20% on average on different types of tubes compared to a regular coating.
