

01

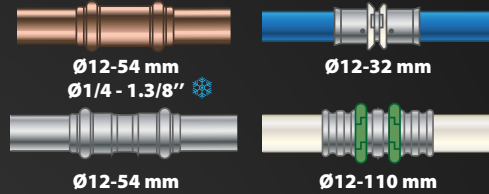

WORK LIGHT

Weighing only 3.5 kg with a 4.0Ah battery, it's easy to use and transport.

02

UNDER CONTROL

The bright LED ring illuminates the work area 360° and indicates the success of the crimping cycle.

03

AND ALWAYS WITH THE RIGHT BATTERY

18V – 4.0Ah Lithium-Ion HD and 2.0Ah battery compatible with over 400 tools from CAS (Cordless Alliance System) partner manufacturers.

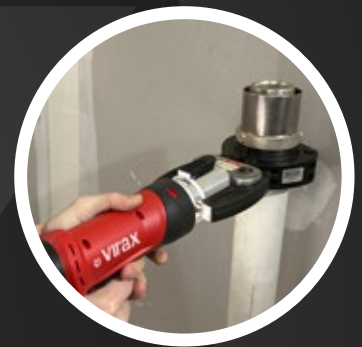

Based on Metabo technology, it offers optimal battery life and runtime.
