

# 01

### OPTIMISE THE SIZING OF YOUR INSTALLATIONS

Use Ø32mm copper for :

- Heat pumps
- Building risers
- Collective boilers
- Industrial installations

Also bends Ø32mm  
multilayer pipe

# 03

### AND IT'S ALL SO EFFORTLESS!

Thanks to the Eurostem III,  
bending is energised, fast and with  
quality results. Your efficiency is at  
its best.

**251867** FORMER + COUNTER-FORMER Ø32MM  
RADIUS 140MM FOR EUROSTEM III

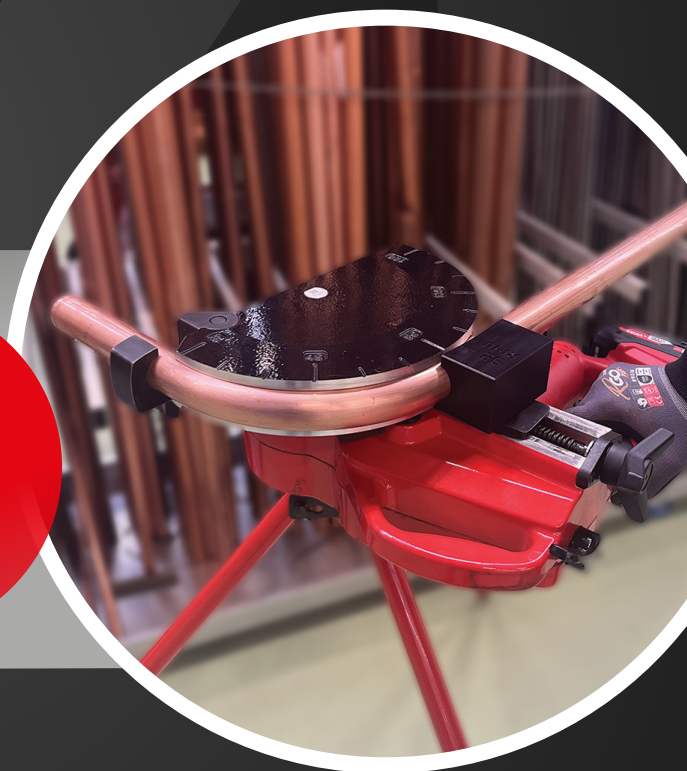

Former and counter-former  
supplied in **VIRABOX**

# 02

### BY SAVING TIME AND MONEY

No need to anneal the pipe, the material's  
characteristics are preserved.

No need to buy elbow fittings, the risk of  
leakage is minimized.

## Ø32 mm

### TIP

For optimum sliding, the  
use of Virax bending oil is  
recommended.
