# THREADING MACHINE 2"

REALIZE PRECISION THREADS UP TO 2"  
IN NO TIME AT ALL.

# 01

## QUICK AND EASY OPERATION...

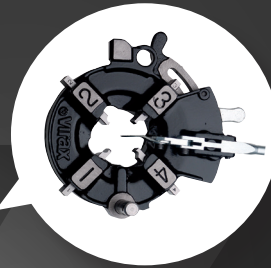

Hammer-type chuck for fast, tool-free tightening, long jaws for secure tube tightening, quick thread size adjustment.

# 02

## FOR PRECISE, COMPLIANT THREADS...

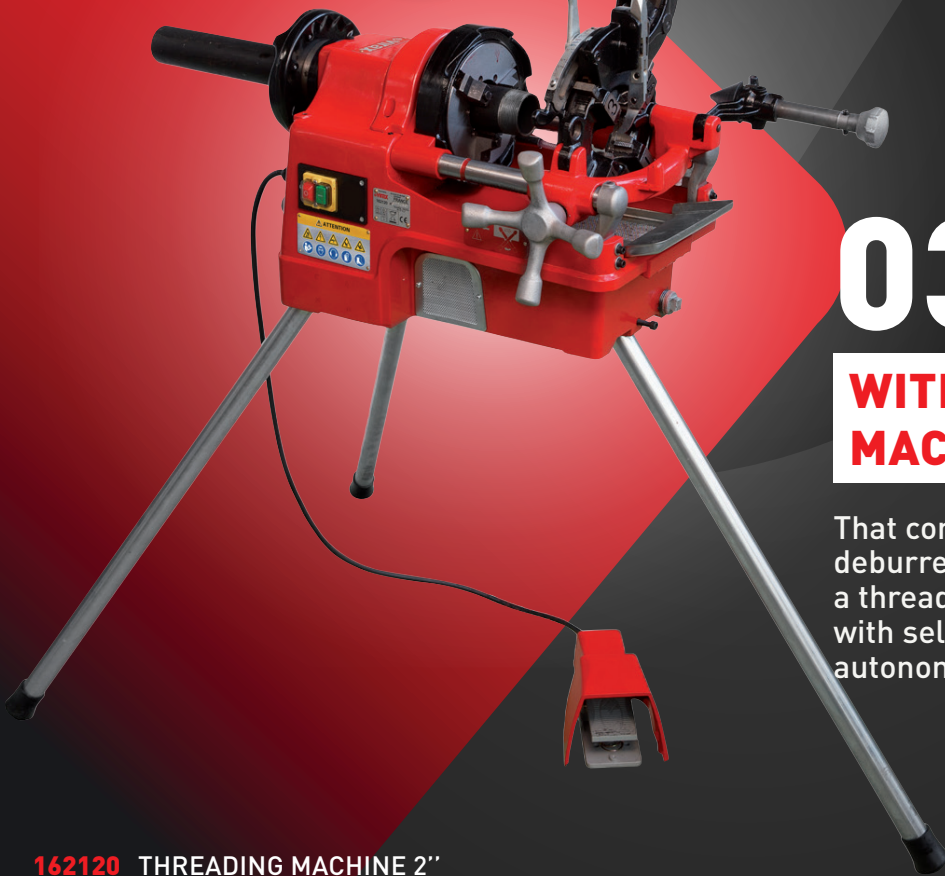

Thanks to self-opening threading head with high-strength dies and adjustable oil flow.

# 03

## WITH AN ALL-IN-ONE MACHINE...

That combines 3 tools: a 5-blade deburrer for clean and precise results, a threading machine and a tube cutter with self-centering system for greater autonomy and time savings.
